Wake up in the morning  
Next to me There's a cute face I've never seen Oh,  
I'm aware that in a way It must be the gift of yesterday  
Feel the body burn I'll set you free  
Got this crazy feeling  
It's meant to be 'cause all of a sudden I'm full of ?  
wows?  
Got to watch out now, I'm flirting down the house

Come and take my hand  
I'll lead you to my wonderland lead you to my wonder  
wonderland  
Come and take my hand  
I'll lead you to my wonderland lead you to my wonder  
wonderland  
Crawling into you  
It's nice and warm  
I'll keep you in my bed  
All day long

Boy, there are no rules to play  
We can do it our own way  
Feel the body burn I'll set you free  
Got this crazy feeling It's meant to be  
Gonna blow your mind and make it last  
Just close your eyes, I'll do the rest

Come and take my hand  
I'll lead you to my wonderland  
Lead you to my red white mushroom land  
Come and take my hand  
I'll lead you to my wonderland  
Lead you to my red white mushroom land

Hi, I'm Mrs. Love How are you, Mister Sensitive?  
I guess I'm in a trance Of what is called true romance  
Yeah I'm in a trance Of a cherry, choosy true romance  
I think I'll have a bite, if that's alright

Come and take my hand  
I'll lead you to my wonderland

Lead you to my groovy wonderland  
Come and take my hand  
I'll lead you to my wonderland  
Lead you to my wonder wonderland  
Come and take my hand  
I'll lead you  
Don't try to fight this feeling  
We'll drown in true romance  
Come and take my hand  
I'll lead you  
Don't try to fight this feeling  
Red white mushroom land
