Say it if you want to  
And say it if you will  
But if you don't say what you are thinkin'  
No, I won't take too kindly to it

And all I want is something special  
And you can't give it to me  
And all you do is lie to me  
'Cause you're a liar, liar, liar

I will run, I will fight  
I will take you through the night lie, lie, liar  
I will run, I will fight  
I will take you through the night lie, lie, liar

Say it if you want to  
And say it if you choose  
Because if you don't say what you are thinkin'  
No, I won't take too kindly to it

When all I want is something different  
And you couldn't give it to me  
And all you do is lie to me  
So you're a liar, liar, liar

I will run, I will fight  
I will take you through the night lie, lie, liar  
I will run, I will fight  
I will take you through the night lie, lie, liar, liar, liar

I'll fight you, I'll fight you  
I'm fighting you, liar, liar, liar  
Yeah yeah, liar, liar, liar  
Liar
