What's this hear, 'bout you 'bout to leave  
So that's how it's gonna be, you're gonna leave me  
here to grieve  
Oh baby I been out all night, thinking about the me and  
you  
Passing the same old trees like every time I walk  
passed your place  
Baby you givin' me hell I wanna open that velvet lace  
Smell your hair for the last time,  
I sorrow over what once used to be mine

And your, and your, and your blue crystal eyes,  
And your, and your, and your blue crystal eyes,  
Staring at the ceiling

I lay you down, bedding you with sweet scented roses  
I cry as you smile and your last eye closes  
I'm guessing and I'm hoping,  
I'm guessing and I'm hoping that you loved me after all  
I devour the aching strain that you cause and caused  
I shall be a mourner 'till my longing for you has passed  
Smell your hair for the last time,  
I sorrow over what once used to be mine

And your, and your, and your blue crystal eyes,  
And your, and your, and your blue crystal eyes,  
Staring at the ceiling

I see you right before my eyes  
With the ice cold tears running down your sweet cheeks  
And your, and your, and your blue crystal eyes,  
And your, and your, and your blue crystal eyes,  
And your, and your, and your blue crystal eyes,  
Staring at the ceiling

I lied to you my angel, I lied, ruthless  
Forgive, I'm far from innocence, you knew I guess  
I just love the girls and yes, I'm good with that  
I just love kissing in variety, no matter if she's a cutie or  
a hot cat

And your, and your, and your blue crystal eyes,

And your, and your, and your blue crystal eyes,  
Staring at the ceiling

I see you right before my eyes  
The ice cold blood running down your sweet cheeks  
And your, and your, and your blue crystal eyes,  
And your, and your, and your blue crystal eyes,  
Staring at the ceiling
