She walked in, in a dress of my likes
Everything around prevailed
As I was hanging on my coffin nail
Those amazing eyes and perfect thighs
Her hips and tits were perfect size

- Heart stops, mouth drops
- Who the hell am I trying to fool, yeah

LA, LA, LA she's my LA Queen
LA, LA, LA she's my LA Queen
She's my

She drove me to the brightest stars
I just knew this night was ours
Stevie Ray blaring on the radio
We drove on down sunset boulevard

LA, LA, LA, LA she's my LA Queen
LA, LA, LA, LA she's my LA Queen
LA, LA, LA, LA she's my, oh, she's my
MY LA QUEEN

Oh she's all I ever wanted
She's all I needed
Oh why do I always mess things up the way I do, the
way I do...

LA, LA, LA, LA she's my LA Queen
But we were torn apart
Torn apart, torn apart
LA, LA, LA, LA She's my LA Queen
But we were torn apart!
