

Empty Trash "Tell My Story"

Visit "[Tell My Story](#)" on MotoLyrics.com

Can you take a hint
It's written in the print
Written in my font
Can you read 'em
They ain't readin' it right
So don't you listen to 'em

Break the word down into syllables
Sort out your little riddles
Well you know your life ain't at stake
Don't be afraid to make a mistake

Read it off the wall
To read the top stand tall
Help me clarify my meanings
Once you get it right, you'll never get it wrong
I swear, I swear

Break the word down into syllables
Sort out your little riddles
Well you know your life ain't at stake
Don't be afraid to make a mistake

Don't keep it to yourself, don't put the story back on it's
shelf
Read it out, so everybody knows what you're talking
about
