[Intro: Luke]

Yo this is a record about stars fakin like gangstas  
Gangstas trying to be stars  
Stars wanting to be ganstas but they really pranksters  
So I had to get my man JT cause we the only true 2  
ex=cons on staff  
And so we could kick it to you straight and not fake  
Aiyyo JT kick it

[Verse One: JT Money]

Picture a nigga as raw as me, the motherfuckin J to the  
T  
Tired of niggas saying how bad they are  
Fronting like ganstas but I call em Gan-stars  
Stars that want to be gangsters  
but I'm from the real side not like Jekyell and Hyde  
Bad boys don't stay fuck niggas on the street  
You see that ain't me  
Example niggas go to concerts fucked up  
The next thing you know the niggas gettin chumped up  
And they don't look so tough to me  
I guess niggas ain't the same on and off TV  
But not me I grab the mike and shoot game  
And on the streets it's the same motherfuckin thang  
See I pop no bullshit  
If you offended wear it if the motherfucking shoe fits  
But still don't have 2 left feet  
Fuck around get your shit split to the white meat  
Cause yall ain't nothing but pranksters  
Fuck niggas faking like ganstas.

[Luke]

I can't stand a nigga talking about a gangsta  
Nigga ain't nothing but a motherfuckin prangsta  
Nigga ain't never been to jail  
Bigga ain't never put a cap in a nigga  
Nigga just talking about dropping a nigga  
cause he saw another nigga drop a nigga on TV  
Aye yo JT kick example 2

[Verse 2: JT Money]

Example 2, the neighborhood chump  
Andy Gump came across a sawed off pump  
I guess the niggas now longer a chump  
cause now he talk shit and quick to pop the trunk  
Young nigga got bad over night  
Maybe that dumb shit got his ass hype  
Walking around with a unit in the place  
hanging with the big boys smoking lace  
But his wall ain't up to date  
and I hate fuck niggas who perpetrate  
Like niggas makin love songs first  
next time you see em all they do us curse  
Talkin bout the niggas they kill  
1st they was lovas now they trying be real  
And for the ones talking bout the whiteman  
Ever told your fans whos your bossman?  
I guess that makes yall prankstas  
fuck niggas fakin like gangstas!

[Luke]

Fuck niggas you got me worried, yes you got me  
worried  
Because first of all yall talkin this black shit, black this  
black that  
The whiteman's still collecting yo motherfucking  
paycheck  
You ain't told yo motherfucking fans that  
It's a whole different tale about niggas who getting it  
like this

"Real niggas" Faking like gangstas  
"Real niggas" Faking like gangstas  
"You guys know who I'm talking to...Ohhh! (NWA)

[Verse 3: JT Money]

None of them fuck niggas ever did time  
but while it's on my mind  
We got up 4 in the morning fo cold eggs and grits  
Jim Jones and doodoo on a stick  
Niggas had to eat this shit everyday  
and one nigga got shanked up for a tray  
And you gotta have your set up to date  
while niggas be scrapping fo a place  
And nobody snitches  
Cause snitches get stiches fo talking like bitches!  
They wouldnt last cause they prankstas  
cunt niggas faking like gangstas
