Take love
and multiply it by infinity
and take it to the depths of forever
and you would still only have a glimpse
of how I feel for you
I was created from spare parts
a mad man's brains, and a loving man's heart
you took my breath away
when I saw you on that day
one look into her eyes
can kickstart a deadman's heart
You leave me electrified
your love brings me back to life
It's alive! It's alive!
This burning love deep inside
I'll be your bride You'll be my Frankenstein
You and I,
till we die our hearts will always survive
Oh monster, my monster
The only one that sees me
I didn't ever mean to make you cry
When I saw you I felt so terrified
Sudden life and monsters by my side
Well, can't you see how it looked through my eyes?
You leave me electrified
Your love brings me back to life
It's alive! It's alive!
This burning love deep inside
I'll be your bride, you'll be my Frankenstein
I need you, you need me
You totally complete me
Oh monster, my monster
The only one that sees me
Save me from my solitude
Say you want me with you
Where you are
I am too
Love me, this I ask of you
It's alive! It's alive!
This burning love deep inside
I'll be you bride, you'll be my Frankenstein
You and I

till we die our hearts will always survive
Oh monster, my monster
The only one that sees me
(Whoaa, whoaa, whoaaa)
(Whoaa, whoaa, whoaaa)
The only one that sees me
For who I truly am
