Take love and multiply it by infinity  
And take it to the depths of forever  
And you would still only have a glimpse  
Of how I feel for you

I was created from spare parts (from spare parts)  
A mad man's brains and a loving man's hearts (loving  
man's hearts)  
You took my breath away  
When I saw you on that day  
One look into her eyes  
Can kickstart a dead man's heart

You leave me electrified  
Your love brings me back to life

It's alive, it's alive  
This burning love deep inside  
I'll be your bri-i-ide  
You'll be my Fran-ken-stein  
You and I till we die  
Our hearts will always survive  
Oh monster, my monster  
The only one that sees me

I didn't ever mean to make you cry  
When I saw you I felt so terrified (so terrified)  
Sudden life and monsters by my side  
Well, can't you see how it looked through my eyes  
(through my eyes)

You leave me electrified  
Your love brings me back to life

It's alive, it's alive  
This burning love deep inside  
I'll be your bri-i-ide  
You'll be my Fran-ken-stein  
I need you, you need me  
You totally complete me  
Oh monster, my monster  
The only one that sees me

Save me from my solitude  
Say you want me with you  
Where you are, I am too  
Love me, this I ask of you

It's alive!

This burning love deep inside  
I'll be your bri-i-ide  
You'll be my Fran-ken-stein  
You and I till we die  
Our hearts will always survive  
Oh monster, my monster  
The only one that sees me

(Woah-oh-oh)  
(Woah-oh-oh)  
(Woah-oh-oh-oh-oh-oh-oh)  
[x2]

The only one that sees me  
For who I truly am
