welp, we just wanna see you naked
blah blah blah, with all your bullshit
xxx crossing out the hit list
hunter moore on speed dial
you'll be famous for awhile

bamf mode has been activated
why did our love grown complicated
cheated on me and broke my heart
gonna show the world your private parts

a bright idea popped in my head
figured out a way to get even instead
found a website called i-a-u
and guess what honey!
i'm gonna post your n00dz

revenge is best served cold and sweet
so face the music and accept defeat
payback when i click submit
game over on all these tricks
you better think fuckin' twice
or i'll ruin your life

is anyone up? is anyone down?
to get revenge on this fuckin' town
is anyone up? is anyone down?
we'll upload your shit
and we'll take you down
you always said you would die to be famous
but you never thought it would be because of your anus
you fucked up when you fucked around
another e slut making mom and dad proud

photoshoppin' my revenge
god knows where that ass has been
every guy who's texted you had a little piece or two
that shit's no longer my concern
mess with me and feel the burn
n b to the h n c!!!
write it on your ass and send it to me!
straight to the gutter from where you came

that sloppy slut pussy got you fame
call it that but you got it all wrong
your face is famous for suckin' my dong
see you crying. what's the problem?
post your n00dz. girl i straight robbed 'em

your facebook
screen cap
reaction pic
fap! fap! fap!

is anyone up? is anyone down?
to get revenge on this fuckin' town.
is anyone up? is anyone down?
we'll upload your shit and we'll take you down.
you always said you would die to be famous
but you never thought it would be because of you anus
you fucked up when you fucked around
now another e slut making mom and dad proud

your mama is gonna love what you've become
diamond plated princess, with a mouth full of cum
wrapped in a head lace and a head full of dumb
this is the start not a war, bitch, i already won
hey motherfucker tell me whose laughing now?
all these bitch boy motherfuckin' faggots with their
asses out
don't try to justify, this isn't revenge
this is what you had coming to you in the end

you said you always wanted to be famous
and now you're the entertainment (x4)

don't blame me or say i ruined your life
an invasion of privacy, yeah fucking right
so keep sucking dick and telling your lies
but if you send n00dz, better think fuckin' twice
you better think fuckin' twice!!!
and i fucked your mom
