She's melting
She's melting
Oh! oh! oh!
she licked me like I'm ice cream

Dipping with my dipper
We'd be drinking up the liquiour
Party like your birthday
Shake it like an earthquake
Melting like an ice cream cone
Going for his danger zone
Go and suck my lollipop

Sugar sweet cherry topped
For sure fit
To legit
Hot spot
Twirk it bitch
Strip it down
Work it up
Baby let me
Fill your cups
O to the M to the M to the G
Sticky messy
Taste my treat
But I love it when you
Scream for my ice cream
Tell me all your dirty dreams
Scream for my ice cream
Well show me what's your fantasies
X2
Lets get this party started!
Drink till we get retarded!
She licked me like ice cream
Ha! ha! ha! what the fuck
You know that we do it rough
Move your feet to the beat
With this shit this song's complete
Move that body super sweet
Always like an ice cream treat
Got a monster in my pants

And if you ever get the chance
Gonna cram it down your throat
Watch you gasp for air & choke
I'm gonna jizz all in your face
I'm gonna wreck this fucking place
Pull my hair smash the chair
Break the bed & give me head

Scream for my ice cream
Tell me all your dirty dreams
Scream for my ice cream
Well show me what's your fantasies
X2
Lets get this party started
Drink till we get retarded
She licked me like ice cream

You can taste my ice cream
We can be a sweet team x7
Scream for my ice cream
Tell me all your dirty dreams
Scream for my ice cream
Well show me all your fantasies
X2
Kets get this party started
Drink till we get retarded
She licked me like ice creammmmm
