Every 14.2 minutes someone in the United States dies by suicide

Nearly 1, 000, 000 people make a suicide attempt every year

90% of people who die by suicide had a treatable mental disorder when they died

This is our message to give hope back

To those who are lost in despair

Staring blank at the wall

Never been so alone

Why can't they get me?

Would they care if I was gone?

Spinning around all alone

In my head tonight

Would it all be so easy?

Would they ever miss me?

You can't let them win

I won't let you give in,

You are the heart

That beats inside of me

If you give up tonight

You give up on me

Don't go out

So don't go out

Like a teenage tragedy

Don't go out

So don't go out

Like a teenage tragedy

You are screaming

Seems like no one's listening

You want to be found

No one knows you're missing

You wonder why

There's no tears when you cry?

And it feels like goodbye
Well, not tonight

Every sad ending
Has a new beginning

Stand up and fight
Don't let them hold you down
It can't end tonight
We gotta hold our ground

Not going out
Not going out
Like a teenage tragedy
Not going out
Not going out
Like a teenage tragedy

Put down the knife
Take back your life
Put down the knife
Take back your life

It's all inside you can change the world
So don't you dare give up on me tonight

You are the heart
That beats inside of me
If you give up tonight
You give up on me

Don't go out
So don't go out
Like a teenage tragedy
Don't go out
So don't go out
Like a teenage tragedy

[x2:]

Boom boom boom
You are the heart inside
Boom boom boom
You are the heart inside of me

Staring at the stars and knowing
We are not alone

You are not alone
