Chorus****

NOTHING CAN STAND IN MY WAY x8

Verse 1***

They put me away like a book on a shelf,
I acknowledge I'm All By My self,
How could one who made faults and hit peak,
still be granted to hold a grin on their cheek.

Dear Creator, I know that your watching.
Don't allow me pass to away this evening
Coz I gotta lot of things to say
and I must, I must explain

**I'm Daring, I'm Daring,
En Derin, En Derin X4

Chorus****

NOTHING CAN STAND IN MY WAY x8

Verse 2****

There's so many waves coming for this Turk,
but you know me, I grab my board and Surf,
I hear so many lies, it's getting louder,
I'm always strong, they can cry on my shoulder.

get a life I say, to all the haters,
while I'm out here, raising the papers,
every day, I feel harder to shock,
life is a bitch, mines on lock.

***so many lies, every day, I feel harder to shock,
I'm Daring, I'm Daring, life is a bitch, mines on lock. X2

Chorus****

NOTHING CAN STAND IN MY WAY x16
