\*Intro -

\*Chorus -

(Life) Life Is So So Good

(Life) Life Is So So Good

(Life) Life Is So So Good

We're doing what haters thought we never could. x2

\*Hook -

(Life Is Hard) Struggle Struggle

(Life Is Pain) Struggle Struggle

(Life Is Cold) Struggle Struggle

If you know about the road do the struggle skank. x2

\*Verse 1 -

Darkness to being big stars,  
from being on foot to driving big cars,  
boring nights to non stop (sfx:female orgasm),  
who said that we are going to stop here?

Empty pockets to carrying bags,  
Splash so much that we don't give a (f\*ck),  
So so fly martians can't see us,  
So come on sing with us.

\*Chorus -

(Life) Life Is So So Good

(Life) Life Is So So Good

(Life) Life Is So So Good

We're doing what haters thought we never could. x4

\*Verse 2 -

No language or food on the plate,  
Just a council yard in an estate,  
Gun crime, robberies were high in that area,

Living a life trying to survive in that area.

No money, the fridge stayed empty,  
T-Rex sounds coming out of my tummy,  
No money, my clothes stayed dusty,  
atleast I kept my head high my heart was tidy.

(For certain, For certain) For certain Sh\*t,  
Had fun got home feeling like Sh\*t,  
Family said get your life on track,  
After a long break En Derin is back,

Fell so much, got so strong,  
Now everywhere everyone's hearing this song,  
Holding the crown after so much trouble and  
Wouldn't be here without all that struggle

\*Hook -

(Life Is Hard) Struggle Struggle  
(Life Is Pain) Struggle Struggle  
(Life Is Cold) Struggle Struggle  
If you know about the road do the struggle skank. x2

\*Chorus -

(Life) Life Is So So Good  
(Life) Life Is So So Good  
(Life) Life Is So So Good  
We're doing what haters thought we never could. x2
