Ooh, yes

Lonely hearts can change and still remain in a deja-vu
First I want to spend the night with you
anything you need
Come get it from me, from me
set your emotions free
Oh yes baby
Come on and give in the names of love
and let our bodies slowly touch
Then we'll carry on
Today let's move on
Yes I do
take you to be
how about you and me
damn I want to be your lover
Love me baby
Don't refuse, cause I need you
Damn I want to be your lover
I want to be your lover, baby
Why don't you stay
Desert will make you call out my name
my first and my last name
that she is being all you'll ever need
to take you high than eyes can see
Oh yes baby

Why don't you give in the name of love
and let our bodies become one
cause tonight I want to give you more
Baby let's move on
baby let's move on
Yes I do
Take you to be
how about you and me
damn I want to be your lover-your lover
don't refuse cause I need you
Damn I want to be your lover-oh
I want to be your lover
Yes, yes, yes- ummmmm
I don't wanna have to compromise

the things you make me visualize
and to where she keeps on telling me
these emotions need to be set free

don't you want to give in to me
Fulfill the heavens prophesy
take a visit to my paradise
we can hang around for the rest of my life
take in the beat
how about you and me
damn I want to be your lover, your lover-baby
Don't refuse cause I need you
Damn I want to be your lover
Yes I do
Take you to be
Damn I want to be your lover
Don't refuse cause I need you
damn I want to be your lover
