Title: Falling In Love

1 - Falling in love
It grabs me; it scares me
It knows how to inform me
Falling in love
It takes me on a journey
Of emotions deep inside me
Falling in love
Nothing prepared me
For this feeling that I'm feeling
Falling in love
It's draining; it's wearing
I surrender completely

Ooh I wasn't ready for this
It's good it's bad
I'm happy and I'm sad
A mystery to behold
It speaks only to heart and soul
Like a melody deep inside of me
I saw that love keeps playing on and on
A symphony so glad I hear
Angels whispering

Repeat 1

I never knew that life could be
So heavenly I'm feeling free
Oh how could something be so satisfying?
And yet a feeling of fearfulness
Is lurking in the mist of the bliss
Inside my heart, but I know that's all a part

Repeat 1

I'm a business queen
In a coupret kingdom
But when it comes to love

There's no software made for that
Love oh love you came
You turned my perfect world upside down
Like a work of art
Love has shaped my heart

Repeat 1 till end
