

## En Vogue "I Love You More"

Visit "[I Love You More](#)" on MotoLyrics.com

I love you I love you I love you  
I love you I love you I love you  
I love you I love you I love you  
I love you I love you I love you

I love you more than there are ocean grains of sand  
I love you more than there are voices in the wind  
I love you so I can't let go  
I love you so I want the whole wide world to know

It's not unusual to feel this way  
Sometimes I feel a bit insane  
I will confess I deserve nothing less than  
What you've given me so far

I feel a high when I am by your side  
My life's so bright like summer skies  
I dreamed so long to have someone like you  
And now you're here with me  
And it feels so good

1 I love you more than there are ocean grains of sand  
It must be love if I feel this way  
I love you more than there are voices in the wind  
Only love makes me do these things  
I love you so I can't let go  
Now that I have you  
I love you so I want the whole wide world to know

I always thought you were my soulmate  
And extension of my heart  
The angels say it's a spiritual thing  
We will never be apart

That's why I'm high when I am by your side  
My life's so bright like summer skies

I dreamed so long to have someone like you babe  
And now you're here with me  
And it feels so good ooh

Repeat 1

I love you more than all the ocean grains of sand  
I love you more than all the voices in the wind  
I love you so yeah  
Never let you go  
I love you so I want the world to know

I love you more than all the ocean grains of sand  
I love you more than all the voices in the wind  
I love you so  
Never let you go  
I love you so I want the world to know

I love you more than all the ocean grains of sand  
I love you more than all the voices I hear in the wind  
I love you so  
Never letting go  
I love you so I want the world to know

Ooh boy I love you so  
24/7 it won't get old  
Ooh boy I love you so  
24/7 it won't get old  
Ooh boy I love you so  
24/7 it won't get old  
Ooh boy I love you so  
24/7 it won't get old
