Who keeps it high? I keeps it high
Who keeps live? I keeps it live
Gonna party tonight, what
Right, right, right, right
Who keeps it high? I keeps it high
Who keeps live? I keeps it live
Gonna hit ya tongiht, what
Right, right, right, right

From the moment that I saw ya
I knew I had to have ya
I wanted you but I was too shy
1, 2, 3, 4
But the fear of your rejection
And for my own protection
I couldn't think I wanted to die

I wanted you
But my feet would not move
Oh how could this be?
But to my suprise
There we were eye to eye
Like a true man, you stepped to me
Now baby its on

The things I want to do to you (Do to you)
To your mind and your body (Body)
Tell me do you want a ride (Tell me do you wanna ride)
Now baby its on
You know that I keep it hot
You know that I got the spot (Got the spot)
You know that I keep it live

I just wanna hold you
Baby let me show you
Just how good my lovin' can be
1 2 3 4
Boy you just not knowing
How much you got me open
I just want you here with me
Oh I

I feel that I am the one for you
Boy what we have is chemistry
But to my surprise
There we were eye to eye

Like a true man, you stepped to me
Now baby its on

The things I want to do to you (oh the things I wanna do)
To your mind and your body (to your body)
Tell me do you want a ride (oh do you wanna ride)
Now baby its on
You know that I keep it hot (keep it hot)
You know that I got the spot
You know that I keep it live

Who keeps it high? I keeps it high
Who keeps live? I keeps it live
Gonna party tonight, what
Right, right, right, right
Who keeps it high? I keeps it high
Who keeps live? I keeps it live
Gonna hit ya tongiht, what
Right, right, right, right

The things I want to do to you (Oh the things I wanna do!)
To your mind and your body (To ya body yeah)
Tell me do you want a ride Now baby its on (Now, it's on)
You know that I keep it hot (Keep it hot)
You know that I got the spot (Got the spot)
You know that I keep it live (Keep it live)

I just you want next to me
I keep feeling ecstasy
You know that I got the spot
You know that I keep it hot

The things I want to do to you
To your mind and your body
Tell me do you want a ride
Now baby its on
You know that I keep it hot
You know that I got the spot
You know that I keep it live
