I'm not much in to dogs
And they're not in to me
That's my history, I can't change it now
'Cuz those dogs are still on the prow!

Dogs are puppies that grow up wild
And they don't do what you want them to
And treat you nice just to get a prize
And once they get it then they're through with you

Get your digits to call you back
You never hear from them again that's wack
He tells you, you're the only one that's phat
Then hits your friend up behind your back

Dogs are puppies that grow up wild
(Those dogs)
And they don't do what you want them to
(Those dogs)
Treat you nice just to get a prize
(Those dogs)
And once they get it then they're through with you
(Those dogs)

He asked you out to see a show
And lost his wallet, how he doesn't know
He asked you if, you'd pay the bill
He'll pay you back, oh yeah, I bet he will
(I bet he will)

I bet he won't
He'll probably use it for a bag of smoke
(A bag of smoke)
You know the kind that makes you tipsy
Like a bottle of wine

They like to bite, they like to fight
(Those dogs)
They like to howl at every girl in site
(Those dogs)
They like to beg, they like to whine
(Those dogs)

They like to smell at every stray behind
(Those dogs)

A stray behind, you know the kind
They're big and round and they're easy to find
Easy to find, they are for dogs
'Cuz for a dog's life it's a world of fun

I ain't no dog, you know, I ain't no dog
How you gonna come at me like that?
You know me better than that

Don't try to clown and say men are dogs
Without sayin' that ya'll dogs too
The reflection of a man is a woman of true
And I'm here to let you know about a boo

We tried to give her everything
Which really doesn't seem quite enough
That's why some of us give up so easy
Relationships get too tough

All of a sudden there goes your friend
Flossin' around like, ?She sexy?
What you don't know is that she'll let me
If she get a chance to get in my pants

Once or twice for her is nice
She been schemin' from the start
Waitin' for us to fall apart
Leavin' little stuff inside my car

Dogs are puppies that grow up wild
(Those dogs)
And they don't do what you want them to
(Those dogs)
Treat you nice just to get a prize
(Those dogs)
And once they get it then they're through with you
(Those dogs)

Now dogs a dog that's just gonna be
In a group in a single or a different reeves
Past time past life, perpetratin' and frontin'
Schemin' on the opposite sex for what you want

Roof, roof when you here him callin'
Back up your dog who ballin'
Take advise from the wise when you see 'em commin'
'Cause when you slip up we'll all be hummin'

'Cause the grave is cold and the ground is wet
Tryin' to trick love on the cost of bets
See there's skank in every state
And only you can steal your fate

Get twisted and turned in a burning wreck
Live a memory that he'll never forget
That's why there was a need to talk about dogs
To give an example to all of y'all
