You know I got a thang for you
I know you got a thang for me too
So tell me baby
What's it gonna be?
Ooh Here we are, alone again
Just like before we had a chance
For romance baby
Now it's slipping out our hands, baby
Oh, well

Sittin' here (Sittin' here)
Ain't got much to talk about (Talk about)
What we gonna do, to work it out (Work it out)
Cuz this here's not enough
We need changes, sittin' here (Sittin' here)
Ain't got much to talk about (To talk about)
What we gonna do, to work it out (Work it out)
Cuz this shhh...gettin' old

Love is gone
Who's gonna be the first to say goodbye?
How do we choose
When we have so much to lose
Start by stop pretending nothing is wrong!
Just admit this is it so we can move on
Cuz I can't go on living my life this way
Day after day just

Sittin' here (Sittin' here)
Ain't got much to talk about (Talk about)
What we gonna do, to work it out (Work it out)
Cuz this here's not enough
We need changes, sittin' here (Sittin' here)
Ain't got much to talk about (Talk about)
What we gonna do, to work it out (Work it out)
Cuz this shhh...gettin' old (Gettin' old)

We could be living like my dream fantasies
Where you hold me in your arms
And kiss me so softly
My thoughts would be always of you
And the kind and gentle things you do yeah

But reality pulls me, out of my mind
And instead I find
That I'm still

Sittin' here (Sittin' here)
Ain't got much to talk about (Talk about)
What we gonna do, to work it out (Work it out)
Cuz this here is gettin' old
We need changes, sittin' here (Sittin' here)
Ain't got much to talk about (I ain't got a lot to talk
about)
What we gonna do, to work it out (I don't know know
what we're gonna do baby!)
Cuz this shhh...gettin' old

I know that we're sittin' here (Sittin' here)
Ain't got much to talk about (Talk about)
What we gonna do, to work it out (Work it out)

Cuz we ain't gonna have another night like we done
had last night and the night before that
Ok.right
But,but you never, but you never want to communicate
(that's right)
Its driving me nuts what we gonna do to work this out
you know cuz i, you're wasting my time
No i ain't got time for all of this I could be doing the
washing no you could be washing i got things to do
And I'm just sitting here watching... sports
You know i got a phone nubur yesterday don't make me
use it. ok cuz you need me, ok you need me (yeah)
What part of what i said don't you understand you need
me
See you ain't got to go home but you definitely got to get
up out of here
OK
Naw i can me quiet i won't say nothing else either then I
won't I ain't saying another thing
No for real i'm not
OK
Oh what's wrong
(oh you better not girl) kitty cat got your tongue aw rarr
(aw that's not good)
That's right it's over ok (ummm hmmm)
