Beyond breakin' waves she walked the shore  
Thoughts diving down the ocean floor  
The ocean flows like life, just like life

Hope is not a thing that she inclines to take into  
confidence  
For another disappointment, there can be no  
recompense  
Like the vastness of the world, bad luck does not make  
sense  
Yet, in this disappointment, the sea can give her  
sustenance

She cast her worries into tidal pools  
The wishing wells for lovers and fools  
The one flows like life, just like life

Hope is not a thing that she inclines to take into  
confidence  
For another disappointment, there can be no  
recompense  
Like the vastness of the world, bad luck does not make  
sense  
Yet, in this disappointment, the sea can give her  
sustenance

Paint another picture of the world  
Sketch another image of yourself  
Rearrange all the contours and the lines

Hope is not a thing that she inclines to take into  
confidence  
For another disappointment, there can be no  
recompense  
Like the vastness of the world, bad luck does not make  
sense  
Yet, in this disappointment, the sea can give her  
sustenance

Sustenance  
Sea can give her sustenance
