There's a new moon out tonight
Another reason for living
This time I better get it right
I've seen life be less forgiving

Ooh, ohh, to the one who's lost it all
The hand can seem so deceiving
But pride it comes before the fall
It's time I started believing

Broken by life's deceptions
Mended by one who saw through, ohh

Fall to the ground before you
My judgment came too late
I don't deserve forgiveness, ohh
My sins are far too great

There's no way to make this end
Words are of no value here
Betting my life on a lie
Losing my soul in a blink of an eye, ohh

Fall to the ground before you
My judgment came too late
I don't deserve forgiveness, ohh
My sins are far too great

To the one who's lost it all
The hand can seem so deceiving
But pride it comes before the fall
It's time I started believing

Betting my life on a lie
Losing my soul in a blink of an eye, ohh
Ohh, ohh, ohh

Fall to the ground before you
My judgment came too late
I don't deserve forgiveness, ohh
My sins are far too great
