Hope you had fun last night

You've got a lot of nerve  
You know what time it is?  
You show up now at 10 a.m.  
Oh yeah I'm drunk and pissed  
'Cause I've been stuck at home  
Calling up all your friends  
And not one single answer  
Now where the hell you been?  
What's that I smell, girl?  
That's not my aftershave  
It's not from him, now is it?  
That one, now what's his name  
I've seen the two of you  
Wrapped up in conversation  
But you're not much for talking  
I smell a dead man walking

You're so fake, so don't dare  
To say he's only a friend  
'Cause I swear, I don't care  
I've been there,  
I've seen the look on your face  
So tell me did you have

Fun last night?  
Did he show up like every time?  
What did you do? What did you say?  
Did you go on and all the way?  
Did you have fun last night?  
I hope you've got tears in both your eyes  
Look what you've done  
Look what you've done  
I hope you had fun

Oh, no, you know that you're wrong  
And I ain't buyin' a word you try to sell to me  
So don't, go wasting your time  
You went a step too far last night

Hey, girl, you ain't getting no more  
Of my love this time,  
I ain't fallin' for  
The tears that you dry  
(?)

You're so fake, so don't dare  
To say he's only a friend  
'Cause I swear, I don't care  
I've been there,  
I've seen the look on your face  
So tell me did you have

Fun last night?  
Did he show up like every time?  
What did you do? What did you say?  
Did you go on and all the way?  
Did you have fun last night?  
I hope you've got tears in both your eyes  
Look what you've done  
Look what you've done  
I hope you had fun

Hope you had fun last night yeah [x4]

You're so fake, so don't dare  
To say he's only a friend  
'Cause I swear, I don't care  
I've been there,  
I've seen the look on your face  
So tell me did you have

Fun last night?  
Did he show up like every time?  
What did you do? What did you say?  
Did you go on and all the way?  
Did you have fun last night?  
I hope you've got tears in both your eyes  
Look what you've done  
Look what you've done  
I hope you had fun

I hope you had fun last night...

Did you have fun last night?  
I hope you've got tears in both your eyes  
Look what you've done  
Look what you've done  
I hope you had fun
