Verse 1

It started off as a simple lie
now it feels like the end of time oh i wish i
could start from the beginning
i demanded honesty
then like a man i'm the one to cheat oh i wish i
could take away this feeling

Pre

Can we get that love we used to have
get back trust and loose the past
coz I just can't have us loosen that

Chorus

I used to be the one you turn to
now i'm just the one who hurt you
i don't wanna go through life
knowing that i made you cry
i used to be the one you turn to
now i'm just the one who hurt you
i don't wanna go through life
knowing that i made you cry
that would be suicide

Verse 2

Just a night is all it takes
one girl and one mistake oh i wish I learned
the grass ain't always greener

Pre

Can we get that love we had before

get us past the damage or
are we too far gone to shake it off
noo coz I

Chorus

I used to be the one you turn to
now i'm just the one who hurt you
i don't wanna go through life
knowing that i made you cry
i used to be the one you turn to

now i'm just the one who hurt you
i don't wanna go through life
knowing that i made you cry
that would be suicide

Rap

I could, pretend im sorry
but i probably do it again
have you mad frustrated

in the ends telling all of your friends
I took you from sporting Lazen
to me paying all of your rent
I hope you receive this like, message sent
your a life time, she was one night
why you act like, we aint all tight
Imma lace this truth in the booth
next man cant do what i do
so whose gonna fill my shoes
after you say that im through
I want you back and i mean it
its more than a bait excuse
