[Verse 1]

if looks could kill i'd be in a danger zone  
don't know what i even did wrong  
if you don't say then just leave it alone oh  
i worked my hardest tryna get you to talk  
you don't seem interested at all  
actin' like its all my fault

[Pre]

i'm not feelin' this  
tell me what the deal here is  
is it worth all the silence, that ish i don't buy it  
tell me where we go from here

[Chorus]

girl is this a wind up wind up  
you need to make your mind up mind up  
should i stay should i go  
i really don't know x2

[Verse 2]

I put my hand out hoping that you wanna resolve  
throw the towel in and end the remarks  
so we can come together as one..one  
just when i think you're giving me a second chance  
you turn your back and your screwing again  
tell me if this will ever end

[Pre]

i'm not feelin' this  
tell me what the deal here is  
is it worth all the silence, that ish i don't buy it  
tell me where we go from here

[Chorus]

girl is this a wind up wind up  
you need to make your mind up mind up  
should i stay should i go  
i really don't know x2

[Rap]

your the ache in my brain  
playing them games  
am i to blame for your insecure ways  
you can stay quiet and keep pushing up your face like  
you don't want to hear what a brother has got  
to say  
ive been here, seen it before  
why you want to act like theres something wrong  
why don't you say whats really going on  
your like a rose from a concrete i'm cut from your thorn  
(This love is so bittersweet, bittersweet)  
one minute this, next minute ache  
one minute love, next minute hate  
cant really see why i stand in this place  
yo its getting long, yo i'm heading home  
you really do know how to get me out my zone  
you used to be the one i can say was my dream  
but everything you wish for ain't what it seems

[Chorus out]
