Human race is history now  
Destroyed by themselves  
Unable for more  
Timely before we seize more space  
Good luck for the universe  
We leave you alone

I kneel down for my last orison  
Thanks for all that I got in my life  
Now it's time to say goodbye to mother earth  
Thanks for all that I got after birth

The end of time has been reached now  
The end of time has been reached now  
Take the message of the gods: come with us

Our blue planet sinks in ashes  
Deformed and wasted  
No generation can heal the wounds  
Corruption has won  
But who is the winner

I kneel down for my last orison  
Thanks for all that I got in my life  
Now it's time to say goodbye to mother eatrth

The end of time has been reached now  
The end of time has been reached now  
The end of time has been reached now  
Take the message of the gods: come with us
