'Cause I want, what you've got and  
You want what I want and  
Nothing matters to us tonight  
Because I'll always be your friend  
I'll be hear 'till the end.  
But I don't know why I'm breaking down  
I'm breaking down and

I see you dead on the floor  
I just can't take anymore  
And I don't wanna feel this way again  
(This way again)  
'Coz I spent three years in hell  
If it's anymore time will tell  
And now I see your all alone.

And with No means, Can't sleep, No dreames I can't  
breathe  
I can't believe, this is me  
Is this who I'm supposed to be

And all of these things I'm meant to be  
All of these I'll never see and  
I just wanna be me  
And all of these things I'll never know  
Turns out to be just what I show and  
I don't wanna feel this way.

This seems like a decent part  
Somewhere of where we want to start but  
All of it just falls apart

And with endless amounts  
Of time to kill  
We just seem to stand  
So still  
And with the wind we sway  
So far away  
And with the wind we sway

I'm just so sick and tired of it all  
Can't seem to fall asleep

And I can feel this to my core  
I don't wanna walk out the door  
I plead.
