You're perfect in the way  
A perfect end today  
You're burning out their lights  
And burning in their eyes

I love you sugar kane  
A comin' from the rain  
Oh, kiss me like a frog  
And turn me into a flame

I love you all the time  
I need you eight to nine  
And I can stay all night  
Your body shining

And I know there's something down there  
Sugar soul  
Back to the cross, a twisted lane  
There something down there  
Sugar kane

I'm back again in love  
I'm back again a dove  
But where'd you get your light?  
Your smilin' sugar life

Another lover's day  
Another cracked up night  
And every night I say  
The light is coming

And I know there's something down there  
Sugar cone  
Back to the cross, a twisted lane  
There something down there  
Sugar kane

Hey angel, come and play  
And fly me away  
A stroll along the beach  
Until you're out of time

I love you sugar kane  
A crack into the dream  
I love you sugar kane  
I love you sugar kane  
I love you sugar kane  
I love you sugar kane  
I love you sugar kane  
I love you sugar
