From the heavens to the earth He came  
to save the zombies from the flames  
Death reigns supreme upon the earth  
this death deals in hell  
there's no real way to save yourself  
doomed by the hand of our second father  
the curse of death runs through our veins  
In an act of unexplained love  
despite the fact we lost sight  
Christ offered His Blood to make things right  
This is for you  
We the walking dead brought back to life  
through the suffering of Christ  
recognize your plight  
dont waste this Sacrifice.
