I dont want you to show me the way  
Thats your life and this is my pain  
No matter what they tell you its never the truth  
Always trying to take away the blanket of youth

So be there as only you can  
No mystery, it's part of my plan  
No matter what they tell you it's never the truth

Only this time, only this time, only this time  
Is this so, is this so

Well there's danger around in the air  
Its poisoning but we dont care  
No matter what they tell you its never the truth  
Only this time, only this time, only this time  
Is this so, is this so

This is my way, this is my way baby

Oh oh city girl  
This is so, this is so

This is my way, this is my way baby
