The guy you fell in love with  
Isn't me, it is who I was then,  
When I was young and stupid  
And we were sixteen.  
Now we meet again,  
Seven years down the line,  
And you tell me that you love me.  
Don't you think you're seven years too late?

But you remember every single word I said to you  
When I always thought that you weren't listening.  
And you remember every moment that we spent  
together.  
I always thought you never cared!

But, Oh, how things have changed  
And I am not the same

This relapse is not the first time  
You looked at life and thought  
'What could I have changed?'  
And then you thought of me  
'Cause I'm your one regret.  
Oh I'm that favourite drug  
(The one you can't give up)  
And you said that you still see it in my eyes.

But you remember every single word I said to you  
When I always thought that you weren't listening.  
And you remember every moment that we spent  
together.  
I always thought you never cared!

But, Oh, how things have changed  
And I am not the same

Do you know who I am?  
Do you know who I am now?  
Do you know who I am?  
Will you still love me just the way I am today?

Just the way I am

Just the way that I am  
Just the way I am
