[bonus track]

Waiting online  
You and I are united  
I want to look inside me  
It's the only thing I feel  
Lonely thinking  
Am I always right?  
I want to say how sorry I am  
I won't let you free  
Lonely day  
I will make it right  
Just say the things that you want  
I will make it true  
Finally I got nothing to say  
Show time is over for me  
I just need to find a way

Everything you always wanted  
Dream yourself far away, just let it go  
Waiting online  
You and I are united  
I want to look inside me  
It's only thing I feel  
Do you wake up seeing shadows?  
It's already late  
Someone is staring at you like he knew your name  
Do you ever feel that you are the chosen one?  
Like he feels the same  
Like he knows who you are
