S passion starts  
Forgotten hearts  
Return to light  
Through peaceful moments  
They?re getting strong  
There?s no more pain - no more pain

Ref.:  
Silkskin, I?m loosing my sleep  
Silkskin, I cannot live without you  
Silkskin, I?m loosing my sleep  
Silkskin, I cannot ignore you

When passion dies  
Love gets paralysed  
The haze grows thick  
Misery  
Affixed to me  
The moment will come for you  
To burn in hell

Ref.:  
It all ends where it begins  
Dust to dust  
It?s time to cleanse the world  
Silkskin, ?
