

End Of You "Who Needs To Sleep"

Standing by
In line
Another job
For real
If you could make
One deal
Choice is yours
All real
It leaves you cold
Like I
... and all your luggage
Don't deny
If I could die
Now is the time
I told you so
I told you why

One need and fear to lose my mind
I told you so
This ain't for me
I want to yell
No more
My dreams will take one step too far
They disappear
This ain't for me
I want to yell
No more

Waiting while
You define
What I'm I to you
Stepping on 45
Another look
Through you
Like a film
Without a sound
Black and white
Unconnected
If I could die
Now is the time
I told you so
I told you why

This ain't your life
Praise you hold inside
One step too far
You tell yourself you are
