s passion starts
forgotten hearts
return to light
through peaceful moments
they're getting strong
there's no more pain - no more pain

Ref.:
Silkskin, I'm loosing my sleep
Silkskin, I cannot live without you
Silkskin, I'm loosing my sleep
Silkskin, I cannot ignore you

When passion dies
love gets paralysed

the haze grows thick
misery
affixed to me
the moment will come for you
to burn in hell

Ref.:
It all ends where it begins
dust to dust
it's time to cleanse the world
Silkskin, ÅçÂ€Â¡
