Tired old man sitting all alone in a room
Staring at the pictures on the wall
But he don't recognize a single person there
He forgot them a long time ago

Ain't no use
To keep calling
No it ain't no use
Night is falling
There is no escape
Not a thing to be done
Don't understand where you've gone

Crazy young woman sitting in the room next to the
man's
She keeps saying she's alright
Someone put her there against her will
Ause she didn't fit in with the others

And it ain't no use
To keep calling
No it ain't no use
Night is falling
There is no escape
Not a thing to be done
Don't understand where you've gone

Maybe you're living in another world
Where every little thing is alright
Maybe your inner life is better than our's
Nice and warm and covered with flowers

But it ain't no use
To keep calling
No it ain't no use
Night is falling
There is no escape
Not a thing to be done
I don't understand where you've gone
I don't understand where you've gone
