I go to work everyday  
And I bust my back for a shitty pay  
Take away your fucking right  
I have no will, no will to fight

Endless struggle  
Endless struggle  
Endless struggle  
Endless struggle

I am so tired of the politics  
Stupid scums make me sick  
Try to hide their identity  
There's no integrity that I see  
When will I see it, see the light  
To see a working mans fucking right  
To live in peace with dignity

Endless struggle  
Endless struggle  
Endless struggle  
Endless struggle

When will the day come  
Cant wait to see  
A better life for you and me  
Every dollar that I make  
The greedy bastards try to take  
When will the day come  
Cant wait to see  
A better life for you and me  
Every dollar that I make  
The greedy bastards try to take

That's right

I go to work everyday  
And I bust my back for a shitty pay  
Take away your fucking right  
I have no will, no will to fight

Endless struggle  
Endless struggle  
Endless struggle  
Endless endless struggle
