I just want to say, what cannot be said
I just want to live, but they say i'm dead
I just want to cry, but the tears are all gone
I just want to hide, I don't know what from

[chorus:]

Instead of looking inside, i look at reflections to hide
Instead of moving forward, i look for redemption

When they come and they ask you what you'll say
We are the youth and we live for today
When they come to see you what will you show
A lot of shit that's meaningless and nowhere left to go

[chorus:]

Instead of looking inside, i look at reflections to hide
Instead of moving forward, i look for redemption

I see the person you want me to be
And i turn in disgust i will always be free
What will you do if i just walk away
Will you ever hear what i have to say
I see the person you want me to be
And i turn in disgust i will always be free
What will you do if i just walk away
Will you ever hear what i have to say

[chorus:]

Instead of looking inside, i look at reflections to hide
Instead of moving forward, i look for redemption

I just want to say, what cannot be said
I just want to live, but they say i'm dead
I just want to cry, but the tears are all gone
I just want to hide, I don't know what from

When they come and they ask you what you'll say
We are the youth and we live for today
When they come to see you what will you show
A lot of shit that's meaningless and nowhere left to go

Instead of looking inside
I look at the reflections I hide
