I go to work everyday
And I bust my back for a shitty pay
Take away your fucking right
I have no will, no will to fight

Endless struggle
Endless struggle
Endless struggle
Endless struggle

I am so tired of the politics
Stupid scums make me sick
Try to hide their identity
There's no integrity that I see
When will I see it, see the light
To see a working mans fucking right
To live in peace with dignity

Endless struggle
Endless struggle
Endless struggle
Endless struggle

When will the day come
Cant wait to see
A better life for you and me
Every dollar that I make

The greedy bastards try to take
When will the day come
Cant wait to see
A better life for you and me
Every dollar that I make
The greedy bastards try to take

That's right

I go to work everyday
And I bust my back for a shitty pay
Take away your fucking right
I have no will, no will to fight

Endless struggle
Endless struggle
Endless struggle
Endless endless struggle
