

Endless Struggle "Fault"

Visit "[Fault](#)" on MotoLyrics.com

I was just a kid in school
I never listened, Never followed their rules
I never went to class on time
Didn't think it was worth my time
Try to teach wrong from right
Their mistaken, I am right
Half the shit they say is false
I didn't care it's not my fault

My fault, it's not my fault
My fault, it's not my fault
My fault, it's not my fault
My fault, My fucking Fault

Most of the kids we're a bunch of dicks
Two faced fucking hypocrites
So I didn't like school too much

Doesn't mean I'm out of touch
I would rather go and skate
Stay out real fucking late
Always having a good time
Therefore it's worth my time

My time, it's worth my time
My time, it's worth my time
My time, it's worth my time
My time, My fucking Time
