Fuckin' Riot!

Grab the gas, Grab the rags
Molotov Cocktails in our hands
Swing 'em up, Swing 'em high
Burn them fuckers till they die
Religious war's no reason why
All these soldiers sent to die
They bring them in, They send them out
Everyone will scream and shout

Let's start a riot - Riot! Riot! Riot!
Let's start a riot - Riot! Riot! Riot!
Let's start a riot - Riot! Riot! Riot!

Grab the gas, Grab the rags
Molotov Cocktails in our hands
Swing 'em up, Swing 'em high

Burn them fuckers till they die
Police are out on the streets
People running, People screaming
You gotta smash the buildings
Smash the system
Let it all come down as one

Let's start a riot - Riot! Riot! Riot!
Let's start a riot - Riot! Riot! Riot!
Let's start a riot - Riot! Riot! Riot!
