I know  
And I will surrender  
You need me  
For you somehow  
Forsake my soul

What's over is true  
What's over is done  
To be like you  
To be like me  
What's over is true  
What's over is done  
To be like you  
To be like me

You in me  
Now and forever  
I breathe  
For you somewhere

Forsake my soul  
What's over is true  
What's over is done  
To be like you  
What's over is done  
To be like me  
What's over is true  
To be like you

To be like me  
My love  
For you  
What's over is done  
Leans on leans on me  
To be like you

To be like me  
What's over is true  
What's over is done  
What's over is true  
To be like you  
To be like me

For you

For you

For you

For you

For youFor you
