RUCKUS

Intermolecular structures
The cloning of lovers
The falling of Hitler
Secrets and the lies that stem within
The infamous killer
Take my soul and rape and fuck me

Take it away
Don't wait tomorrow

Stop all this hatred that stands before me
Open your eyes and let me in
Take what you want
Take what you want me to take inside you
Break what you want me to break before me

Leave me empty
Open your eyes and let me in

Take it away
Don't wait tomorrow

So you feel...
So you feel empty
Here and now
Here and now
To let me in
Someone help me

Don't wait tomorrow
Take it away

Open your eyes and let me in
Let me in
