Not the false operation  
The capital has fallen  
Lack of resources  
The tides have changed

Frühlingserwachen  
Frühlingserwachen

Devolution of your life  
False ideology  
Welcome to chaos  
This is Endstilles Reich

Frühlingserwachen

Frühlingserwachen  
Frühlingserwachen

They are prepared  
Beyond the frontline  
Released to encounter  
In despair for revenge

Frühlingserwachen  
Frühlingserwachen  
Frühlingserwachen  
Frühlingserwachen
