reborn out of a generation  
of venom  
seduced genome  
like poison spreads the agitation  
an infected nation

arising from a trench - a dirty tomb  
nursed by enormous stench  
unavoidable consequences! untraceable coincidence!  
the global perdition, discrimination inquisition

the barbaric march  
of a fallen one  
uncontrollable discharge  
millions of souls were undone

a restless mind  
and accrued hate  
leads the blind  
into a deadly fate  
unavoidable consequences! the global perdition!

reborn out of a generation  
of venom  
seduced genome  
uncontrollable discharge  
of the fallen one
