Creeping devotional something  
entitled, denounced  
repudiated, but once loved  
inferior to god

structured your own world  
self-centere  
raging inner flame  
no comprmise!

there is no way back  
to eternal love  
wrecked is your life  
... fucked god!

a cold heart shatters in emotional wastelands  
radical lunacy  
devoid sense

white snow is falling  
salivate with pleasure  
beatiful naked temptress  
devastating erection

there is no way back  
to eternal love  
wrecked is your life  
you bastard whore... fucked god!

inglorious declaration of war  
you pathetic, lost soul  
self-disposession  
wrecked is your life  
to eternal love  
there is no way back

wrecked.
