[Words by Steven Sagala, Music by Steve Stell.]

Walking through the shallow-filled escape  
As we have seen it many times before  
Right on towards the resolution  
We fall within the tides of evolution  
To mock the tyrants - it's the essence of man  
And to conquer it within our hands  
Right on towards the resolution  
We fall within the tides of evolution

We await the day  
For another time where we can fall in line

We are the ones who are in control  
It's the reality within the role  
All these faces like you've never seen  
The acting parts within you and me  
Now we are waiting for the sign  
It's the truth within the line  
All these faces like you've never seen  
The acting parts within you and me

Narrow minded the feverish stance  
The pseudo-blind romance  
Holding on in desperation  
We fall within the halls of desolation  
Deviate the means until the end  
Reverse the sequence and take a stand  
Holding on in desperation  
We fall within the halls of desolation

The lucid design of a dying race  
Tell me where you stand in this great big space  
Scripted and obscure with words unbound  
Within these words the secrets shall be found

Defy the darkness here  
Defy the darkness as it draws near

The struggle now unfolds as the millions in death await  
Let's break the silence

[Lead: Stell]

We are the ones who are in control  
It's the reality within the role  
All these faces like you've never seen  
The acting parts within you and me  
Now we are waiting for the sign  
It's the truth within the line  
All these faces like you've never seen  
The acting parts within you and me  
We await the day  
The acting parts within you and me
