Dommage, dommage
Our love was once exciting
Now it's just a game we play
Too bad but nothing last forever
All at once we've lost our way

Hello, goodbye,
And suddenly it's over
And there is nothing
We can do
Dommage, dommage
Too bad we couldn't make

Our dreams come true

< INSTRUMENTAL >

Hello, goodbye,
And suddenly it's over
And there is nothing,
Nothing we can do

Dommage, dommage
Too bad we couldn't make
Our dreams... come... true
