Well the first time I saw you  
On that cold winter's day  
I was trapped between heaven and hell  
And I really tried hard  
To escape from your eyes  
But my heart was too wear and I fell  
For you

I knew nothing about you  
But I just didn't care  
In desire for you I was caught  
And I promised myself  
I will never give up  
I had no chance at all but I fought  
For you

[instrumental]

And we shared a few light years  
In a land we called love  
And your kiss was a dangerous gift  
But my soul was addicted  
To all that you gave  
And I prayed und I cursed but I lived  
For you

[instrumental]

Well the last time I saw you  
On that cold winter's day  
Oh I felt such a deep pain inside  
And I wanted to hide it  
Away from your eyes  
But my heart was too weak and I cried  
For you

Ooh you know I can't hide it  
I see it in your eyes  
Baby ooh for you
