In love with you
Eternally
Now and forever
There'll be no-one else for me

In love with you
I'm so inspired
I wish I'd had you here my whole life

Chorus:
To feel your arms around me
And let your world surround me
It's like the first time
Ev'ry time I'm loving you

I hold you close
And feel you breathe
Your love's a miracle
I'm happy to believe

That secret smile
You give to me
Has changed the way I dream completely

Chorus:
To feel your arms around me
And let your world surround me
It's like the first time
Ev'ry time I'm loving you

In love with you
It feels so new
It's like the first time
Ev'ry time I'm loving you

In love with you
