It was too hot to thing us sweeping, tossing and turning  
Waiting for a girl like you feeling lonely  
I am lost in the sea of love, It's only you that I am  
Thinking how  
I don't know what I would do if I had to live my life  
Without you

Oh I wish it was a magic night, So we can dance to the  
Morning light  
Moving together body and soul, Body and soul under  
the  
Stars  
Oh I wish this was a magic night, So we can dance into  
The morning light  
Moving together body and soul, body and soul

What wonderful moments we had, moments of passion  
Never thought I'd ever be live so lonely  
I am lost in the sea of love, It's only you that I am  
Thinking how  
I don't know what I would do if I have to live my life  
Without you

Oh I wish it was a magic night, So we can dance to the  
Morning light  
Moving together body and soul, Body and soul under  
the  
Stars  
Oh I wish this was a magic night, So we can dance into  
The morning light  
Moving together body and soul, body and soul
